

## Europe's Biggest selling Speed Camera Locator

The **INFORAD V3 GPS** speed camera warning system inaugurated a new elegant design that fits perfectly in the palm of your hand. Powered by the SiRFstar II chipset with an optional external antenna for athermic windscreens, the **V3** comes complete with a magic carpet gel pad for an easy, carefree dashboard fitting.

The power cable doubles as a USB connector to your PC, a cigarette lighter power adaptor, a 5 meter external magnetic antenna and a comprehensive user guide and lifetime database subscription.
