

INFORAD CAR ACCESSORIES

Give independence
to your **INFORAD**

Make your **INFORAD** completely self-sufficient with this battery holder. Compatible with **V3** and **V4e** speed camera detectors, this accessory allows you to place your **INFORAD** directly in this holder, which has a battery with a life span of 6 to 8 hours.

Charging your detector is easy, simply use your USB cable that comes with the **V3/V4e** to charge from the cigar adapter in your car or directly from a USB port on your PC.
